## Program Offerings

Each curriculum piece has a suggested timeframe. This is for planning purposes only. It may be possible to adapt the timeframes to your needs. All programs are available any day of the week, *including weekends*.

In response to COVID, all our staff will be following your site specific guidelines as well as wearing masks and carrying hand sanitizer. If you have specific questions, please let us know.

### Science Education:

#### **Animal Adaptations and Structures (45 minutes – 1 hour)**

##### ***Suggested Grades 2-4***

Step into the life of a forest animal! Play several games that help simulate different animal adaptations! Learn about the adaptations of forest animals and how they change and modify their behavior to develop keen senses that help them to survive. Examine animal pelts to discover what adaptations the animal may have developed. (1-2 hours)

**Standards:** 2.LS.2, 2.LS.3, 3.LS.1, 4.LS.1, 4.LS.2, 4.LS.3, 8.LS.5, 8.LS.9

#### **Ecosystems and Owl Pellets (2 hours)**

##### **Suggested Grades 3-6**

Let inquiry drive your learning experience like real scientists! Using skull replicas, participants will interactively explore unique adaptations of animals that place them at various levels in the food chain. Dig into science with a hands-on activity of dissecting owl pellets to discover the food chain firsthand!

**Standards:** 3.LS.3, 4.LS.3, 5.LS.1, 5.LS.2, 6.LS.1, 6.LS.3

### Community and Leadership Development:

#### **Community Building (45 minutes – all day)**

##### **Suggested Grades 6-12**

We have all been through a lot over the past few months. Let camp come in and help begin to build your class's or school's community through engaging in fun games and activities in which students participate in small group discussions, cooperate, and problem solve with peers.

#### **Leadership Development (45 minutes – all day)**

##### **Suggested Grades 6-12**

Let camp develop and empower your students to be strong leaders on their teams, in their clubs, and in the classroom through fun and engaging games, activities, and small group reflection and discussions.

## **Faith Programming:**

### **Faith Activities (45 minutes – 1 hour)**

Camp has many faith curriculum pieces that we would love to share with you! These are designed to help grow, nurture, and discover our Catholic Faith.

#### **Faces of Jesus (30 min-1 hour)**

Using images, the youth will explore what their image of Jesus is. How they see Christ in their everyday life and how they can include Him throughout their day.

#### **Solo Prayer Hike (30 min-1 hour)**

Participants will hike along in the peace and beauty of nature, reflecting on their relationship with God, guided by a series of questions and activities. (Can be done as a prayer walk inside OR as a partner hike to encourage deep faith conversations with peers)

#### **Choosing Priorities (30 min-1 hour)**

In this session we look at priorities in our daily lives. Where does God fit into those priorities? How can we make Him a bigger priority?

#### **Affirmations (30 min-1 hour)**

See God in yourself through the eyes of those around you. For Confirmation students, we affirm each other in the gifts of the Holy Spirit!

(Works best if participants know each other or have had significant time together)

#### **Way to Pray: Rosary Making (1 hour)**

Praying for others is a powerful action of love. In the Catholic Tradition we can pray for others and ask for the intercession of our Blessed Mother using the rosary. Participants will make a rosary while learning how it is prayed.

#### **Way to Pray: Prayer Flags (30 min-1 hour)**

Explore images in prayer through our Catholic tradition and the Tibetan tradition. Create a tangible prayer flag to join with the entire group, take them back to your school or church and hang in a special area.

#### **Sacraments Jeopardy (1 hour)**

A fun way to explore the Sacraments and test participants' knowledge.

#### **Prayer Experience (30 min-1 hour)**

There are many traditional and contemporary prayers in the Catholic Church. During this prayer experience we will experience one of each and discuss incorporating prayer into our daily lives.

#### **Life Maze/ Rock Talk/Tank (30 min-1 hour)**

Fun, interactive activities that focus on listening to God and others in our daily lives.

#### **Letter to Self (30 min-1 hour)**

Hold up God's mirror to your life – and create a letter to yourself to remind you of where you are in your life and spiritual walk. To strengthen you on your future journey

#### **Witness Talk or Informational Talk**

One of our staff members can give a talk tailored to the goals of your group. You tell us what you want, and they will deliver. *Please provide us the topic you want covered.*

### **First Reconciliation Retreat (Partial-Full day)**

Get ready for a fun filled retreat to help prepare children for their First Reconciliation! Children will learn about the great love of Jesus Christ and the joy of reconciliation by exploring the stories of The Prodigal Son, and The Lost Sheep. A day filled with games, awesome demonstrations, and high interest activities, and spiritual development designed to complement and build on the educational foundation for children.

### **First Communion Retreat (Partial-Full day)**

Get ready for a fun filled retreat to help prepare children for their First Communion! Children will learn about the great love of Jesus Christ and the miracle of the Eucharist. Explore the Last Supper and learn about the real presence of Jesus in the Eucharist! A day filled with games, awesome demonstrations, and high interest activities, and spiritual development designed to complement and build on the educational foundation for children.

### **Confirmation Retreat (Partial-Full day)**

Retreatants will learn the history of Confirmation, explore about their faith, engage in different prayer styles and learn what Christ means to them while engaging in fun games, faith based activities, and meaningful discussions.

## **Camp Crafts:**

### **Crafts (45 minutes – 1 hour)**

We have so many options to choose from! Check the program selection area below!

## **Custom Programming:**

If you are not seeing exactly what you want or need, let us know and we can create a custom curriculum that will suit your needs! Prices may vary depending on programming and timeframe.

# Program Selection and Pricing

Because every school is slightly different, it is difficult to come up with a general schedule that will work for everyone. With this in mind, please check off the programs that you are interested in and a general time frame for how long you would like us. Once your information is received, we will contact you about your specific scheduling.
