

Living at Camp

Camper Expectations

We hope that all campers will arrive ready to join in and have fun. It is expected that campers will be cooperative and attentive to staff members at all times. We reserve the right to remove any camper from the program, without refund, if the camper uses drugs, alcohol, endangers the lives of others or self, or consistently disregards staff instructions. PLEASE NOTE: Refunds are not available for campers who leave camp due to homesickness, behavior, or general health reasons.

Cabin Assignments

Campers will be organized into groups of 7-10 by age and gender. Those who are registered for the same session will be assigned with others within 2 years of their age, whenever possible. Every effort will be made to group participants with the friend(s) of his/her choice as long as the 2-year age requirement is met. Large groups (10 or more) who request to be in one cabin group may be divided into separate cabins. Listing a participant's name that is not registered for the same session as the above participant does not guarantee that they will be grouped together. Parents cannot decline a grouping request made by another family.

Cell and Camp Phones

- ❖ Campers are not allowed to have cell phones at camp. These will be confiscated and given back at the end of the camper's session. Camp phones are not available to campers. Please, do NOT give your child permission to call home or allow him or her to bring a cell phone.
- ❖ Sometimes, when a camper believes he/she has permission to call home, he/she may focus on calling home instead of getting involved in camp activities.
- ❖ Camp staff will contact you if your child needs you. You can contact the camp by phone or email if you are concerned about your child. Camp staff will check on your camper and return your call or email. Please phone Mae at 812-988-2839, ext. 122 or e-mail registrar@campranchoframasa.org.

A Camp Staff member will CALL YOU in the following situations:

Health-Related

- ❖ Camper has COVID-19 symptoms.
- ❖ Camper is admitted to the Health Center and requires extended attention, treatment, or observation by the camp health staff.
- ❖ Camper requires a visit to the doctor or hospital.
- ❖ Camper is involved in a medical emergency.
- ❖ Camper has declined or refused to take his or her medication.
- ❖ Camper is seen more than 2 times for the same health concern, and it has not been resolved.
- ❖ Camper vomits or has diarrhea.
- ❖ Camper has a temperature of 100 degrees or higher.
- ❖ Female camper has her first menstrual cycle.
- ❖ Camper experiences a physical change such as excessive bug bites, rash, or sunburn.
- ❖ The health staff has a medical/health-related concern about a camper for which they need parental guidance or clarification.
- ❖ Health staff will also discuss any health-related concerns with parent(s) during check-out.

Behavior Related

- ❖ Camper brings and or uses drugs or alcohol.
- ❖ Camper endangers the lives of others.
- ❖ Camper consistently disregards staff instructions or breaks a camp rule.
- ❖ Camper is homesick and does not respond to continued participation or discussion.
- ❖ Camper is involved in a verbal or physical altercation with another camper.
- ❖ Camper needs additional staff support.
